## Dr. J. L. Melvin.

Office at residence, south of Minick store building.  
NORTH PLATTE, Neb., June 5, '97.  
W. W. Sanders:—Please find enclosed check for \$3.00. All well at present and enjoying a good business. We have a double store at this place—groceries on one side and dry goods on the other. Our store rooms are 44x70 feet, and we have them chuck full of goods. We also have a general stock of goods at Callaway, run under the name of Riley & Banks, and are having a good trade there. Crop prospects are good. It was dry for about six weeks, but we had rain on the 1st and 3d of this month. Cattle are having a boom in this country, especially stock cattle. Everyone is going into the stock business and I believe it is a good thing, as we have an abundance of range and lots of hay. What would one of our Nemaha stock men say to getting a cow pastured six months for 75 cents and wintered for \$2.00 per year, making one cow one year for \$2.75? There are plenty of homesteads in this vicinity that would make a good place for stock, though no good farming, but farming does not pay anyway, so it is a good country for what it was intended for. Myself and family are getting ready to take a trip. We start for the mountains the 28th of this month, with team, to get away from business and enjoy the sights. Best wishes to all, and a warm place in my heart for all Nemaha people.

Truly Your Friend,  
W. T. BANKS

The populist papers are kicking because Gov. Holcomb gives all the offices to democrats; the Tecumseh Journal is kicking because he doesn't appoint more democrats in general, and Johnson county democrats in particular; John Dundas is kicking because he doesn't appoint capable men—and the chances are good for a grand kick from the voters of the state that will land a republican in the gubernatorial chair in '98.

Mrs. Judge Boyd, of Rapid City, South Dakota, is visiting friends in Brownville and Peru. Mrs. Boyd is the daughter of John F. Murphy, who was the manager of the pork packing establishment in Brownville some twenty-five years ago, and is remembered by all old residents.

The citizens of Shubert and vicinity are making arrangements to celebrate the 4th of July in great shape on Saturday, the third. They invite Nemaha people not only to be at the celebration but to take part in the program.

## THEY WILL BE HERE.

BROWNVILLE, Neb., June 12, '97.  
W. W. Sanders, Nemaha City, Neb.  
Dear Sir:—Referring to yours of June 10th, in which you honor me with an invitation to address the "old settlers of Nemaha," August 7th. I wish I could say positively I will be with you. My time is not my own, and, unfortunately, I often make engagements of this kind and am unexpectedly called for by our board at same date. Just now I am in that predicament; I promised to address the "old settlers of Otoe county;" I am called to another point on the same day.  
I very much desire to meet our people on such occasions, and will do so this, contingent that other duties will not intervene and prevent as indicated. Where is the meeting to be held? Advise me, please.  
With the conditions here enumerated, I accept the invitation.  
Again thanking you for the honor tendered, I am, sir,  
Yours Truly,  
ROBT. W. FURNAS.

WASHINGTON, D. C., June 12, '97.  
W. W. Sanders, Nemaha City.  
Friend Will:—Your kind letter received.

Some time ago I promised myself that if you invited me to attend the old settlers' reunion in Nemaha county this year I would accept. You have extended the invitation and I do not see how I can be false to myself. I am very anxious to return to the scenes of my boyhood days and renew old acquaintances and make new ones and unless something, now unforeseen, takes place, I will be in Nemaha City August 7th.

Congress will finish the work of the extra session before July 15th, from present appearances, and I will have a chance to imbibe some wholesome Nebraska air.

With kindest regards to your wife and family, I am

Yours Truly,  
DAVID H. MERCER.

## NEXT YEAR'S TEACHERS.

At the regular meeting of the school board Monday night the teachers were elected for the ensuing year. It was decided that three teachers be employed, the principal to be paid \$50 and the intermediate and primary teachers \$30 per month. Prof. W. M. Crichton was re-elected principal, Miss Minnie Elliott was elected teacher of the intermediate department and Miss Mellie Minick teacher of the primary department.

Prof. Crichton did exceedingly well last year, considering the fact that only two teachers were employed. He has a fine education, has had many years' experience in school work, and in addition to teaching four or five years in this county was for four years county superintendent, so he is not only thoroughly equipped so far as education is concerned, but is also perfectly familiar with the school work in this county and district. With the able assistance of Misses Elliott and Minick he will make the Nemaha schools second to none of equal grade in the county.

Miss Minnie Elliott graduated from the Nemaha schools in 1893. She has taught school since that time until last year, and has given good satisfaction. She holds a fine certificate. We have no fears of her success in our intermediate department.

Miss Mellie Minick was a graduate from the Nemaha schools in 1894. For two years she has been teaching in western Kansas and eastern Colorado, and the patrons of the school were so well pleased with her that she was re-elected where she taught last year, at an increased salary. She will succeed here in the primary department, without a doubt.

We think the school board made good selections for the three departments, and the choice appears to give satisfaction to the majority of the patrons.

The Auburn Herald, in its report of the Odd Fellows convention held there last week, says, "the best clothed lodge present was No. 195, who appeared in 'brand new' regalia, provided, doubtless, for the occasion." No. 195 is the Nemaha lodge.

T. A. Clark brought us in some magnificent specimens of strawberries a few days ago. One measured 5 3/4 inches in circumference and weighed 3/4 of an ounce. Another measured 5 1/2 inches and weighed half an ounce. They were of the Crescent variety.

Mrs. Rachel Weddel brought a curiosity to this office Monday. It was some twigs from a plum tree that had good sized plums on and at the same time were full of blossoms. Mrs. Weddel has peas that are over six feet high and are just beginning to bloom.

James Gilmore, son of Rev. C. H. Gilmore, of Brownville, is very sick with appendicitis, but under the skillful treatment of Dr. John B. Jack he is getting better, and it is thought will recover. Dr. Jack has had four cases of this rare disease in Brownville during the past year.

Last Saturday we drove down to J. H. Seid's farm, south of Nemaha, and took a look at his hogs. He has the Duroc Jerseys and the Poland Chinas, and has some fine hogs—thrifty, and good specimens of the two breeds. He has made careful selections for his breeding stock, and is selling many hogs, as his prices are very low.

Ex-State Senator J. Hall Hitchcock died at his home in Tecumseh Thursday evening of last week. Mr. Hitchcock was one of the leading attorneys of Johnson county, although only 38 years of age. He represented Nemaha and Johnson counties in the state senate in 1895, and took an active part in the legislative proceedings of that session. He was a member of the Methodist church.

The most important case before the present court was the Shubert bank case which came before the court yesterday and compromised. By this settlement the bondsmen of Cashier Argabright pay \$6,300, this being \$3,700 less than the claim against them. As both sides are satisfied the public must be, and thus is settled one of the long drawn out and perplexing cases that have occupied the attention of this court.—Falls City News.
